"I urge anyone who cares about the heritage of our state to subscribe to The Mountain Signal. This is not a "stuffy" academic journal, but rather The Mountain Signal is full of well written and interesting articles, pictures, and remembrances. Western Arkansas abounds with people who have interesting stories to tell, and this magazine does an outstanding job of making those stories available to all. I get a broad smile on my face every time I see The Signal in my mail box. You can share that excitement too."

Tom W. Dillard, Curator
The Butler Center for Arkansas Studies
Central Arkansas Library System
Little Rock, Arkansas
